REFUTATIONS

It is the policy of the Residential Child Care Licensing (RCCL) Unit to grant licensed providers the opportunity to refute findings and/or citations of any statement of deficiency as long as the refutation is received along with the Plan of Correction and is received within the required time frame of the plan of correction. It is the intent of the RCCL Unit that this process be conducted in good faith in an effort to ensure that citations are evaluated objectively. Acknowledgement of receipt of refutations will be sent to the licensed provider within five business days of receipt. A final response and detailed outcome will be provided to the licensed provider within thirty calendar days of the Acknowledgement Letter.

The RCCL Unit Director is responsible for monitoring requirements for updating this policy. The Training and Policy Specialist will update this policy according to state requirements.
